

The Adult Literacy Center of Ozaukee County

*Dedicated to transforming lives through
literacy one student at a time.*

**WE ARE
OPEN!**
serving students,
training tutors,
changing lives!

WHO WE ARE

The Adult Literacy Center of Ozaukee County provides FREE one-on-one tutoring by dedicated and trained volunteer tutors to adults looking to improve their literacy skills and accomplish individualized goals.

WHY OUR WORK MATTERS

In Ozaukee County: 3,500 people do not have a high school diploma. 17,000 people have “limited assets and income,” 5,300 children live in poverty.

Students come to the ALC for one-on-one tutoring to improve their educational skills. Some are English Language Learners, some are pursuing citizenship, and others have goals to improve their reading, writing, speaking, comprehension, grammar and life skills. Learning these skills allows students to become more employable, communicate better in the community and develop confidence. Employees with higher literacy skills earn more, are less likely to be unemployed, have greater opportunities for job mobility, are more likely to find full-time work, and are more likely to receive further training.

HOW WE DO IT

We rely on dedicated and trained volunteers to provide one-on-one tutoring to students. Tutors make a life-changing impact in the lives of our students. Students and tutors may work together anywhere from a few months to many years. Often lasting bonds and friendships develop.

WHAT WE DO

We provide free instruction for students pursuing:

- English as a Second Language (ESL)
- General Education Diploma (GED)
- Adult Basic Education (ABE)
- College Preparation and Assistance
- Citizenship Test Support

NEXT STEPS...

Have questions? Interested in becoming a student or tutor? Tutors and students are meeting virtually or in person with responsible physical distancing.
